

The AIChE Netherlands/Belgium Section is pleased to announce the

34th Annual European Seminar

**‘The Impact of Ageing Process Plants on safety,
new techniques to improve safety’**

November 5th, 2019, landgoed Ulvenhart / Breda

Excellence in safety is the key to address the increasing complexity of industrial production processes and the increase of rules and regulations both in Europe and internationally.

Experts in the field of plant operation will give an overview of new methodologies and techniques to improve process safety in the chemical industry and related sectors.
