INVITATION

The AIChE Netherlands/Belgium Section and Delta Process Academy are pleased to announce the 32nd Annual European Seminar

SAFE START-UP OF CHEMICAL PLANTS

OCTOBER 11th, 2016

DOMEIN MARTINUS | HALLE – ZOERSEL

Excellence in safety is the key to address the increasing complexity of industrial production processes and the increase of rules and regulations both in Europe and internationally.

Experts in the field of Safe Chemical Plant Start-up will give an overview of methodologies and programs developed to improve process safety in the chemical industry and related sectors.

PROGRAM

13.30 – 14.15	Registration
14.15 – 16.00	Presentations and Q&A
16.00 – 16.30	Break
16.30 – 18.00	Presentations and Q&A
18.00 – 21.00	Dinner

WHY ATTEND

The 32nd European joint AIChE / Delta Process Academy Seminar is an effective platform for interacting and sharing insights with industry leaders and professionals.

Detailed information on the registration process and the final program will be provided via the normal mailing and the website (www.aiche.nl) at the beginning of August 2016.
